ORDER:No.845, Law and Education, dated 8th May 1930.

Under the Madras Educational Rules (Nos.38,34,84, 87 and 91) a pupil who changes his school in the course of a term is liable to pay the full term fee twice over once to the school which he leaves and later to the one which he joins. Representations having been received that the rules cause hardship to Government servants who happen to be transferred from one station to another in the course of a school term and who are obliged to transfer their children from one school to another, the Government direct:--

(1) that the remission or refund as the case may be of fees provided for in the rule 91 be granted in the case of such children as a matter of course instead of at the discretion of the controlling authority; and

(2) that fees be levied in these schools which such children join during the course of a term only for the period they attend the school instead of for the whole term. The pupils in question will pay to the school which they leave fees due to the end of the month in which they leave it and to the school which they join, fees from the beginning of the month in which they join, subject to the minimum of one month's fees in either case.

(3) The concession will hold good only in the case of secondary schools and should not be allowed to children of Government servants transferred on other than public grounds.

(4) The Director of Public Instruction is informed that no compensation will be payable either to aided secondary schools or to secondary schools managed by local bodies on account of the loss in fee income resulting from the grant of the concession.

A provision of Rs.540/- has been made in the current year's budget for any additional teaching grant that may have to be paid to aided secondary schools.
